

## **Conflict mineral sourcing policy in Luxecasting**

Luxecasting machinery Co., Ltd. have observed and paid much attention to the society environmental status resulted by conflict mineral areas in Congo Democratic Republic of State and surrounding countries. The minerals sourcing from Congo Democratic Republic of State and surrounding countries and got by armed conflicts, illegal mining and from poverty working environment, have been listed intentionally as restricted conflict minerals, just because the selling earning of these minerals probably provides financial support to sustaining armed conflict in these countries. To satisfy customer ' s requirement and fulfill social environmental responsibility, Hereby Luxecasting company declares and promises not to purchase and support these conflict minerals, and requires sub - suppliers to take on agreed following responsibility:

1. Not use conflict minerals and metal from bad working environment
2. Require superior supplier NOT use metal from conflict mineral area located in Congo Democracy Rep. and surrounding countries
